

Announcement:

Applications for the Master of Science program in

Business Analytics

Tunis Business School, Université de Tunis

Academic year 2019-2020

Tunis Business School (TBS) informs all interested students to apply for the program of Master of Science in Business Analytics for the academic year 2019-2020. Applications may be received at the secretary office of the graduate program at TBS (Bir Kassaa, Mourouj 4), starting from July 18th till July 31st, 2019.

Requirements for applications

Eligible students to apply for the program are those who

1. Hold a bachelor degree (or its equivalent) or a licence in any of the business areas or an engineering degree
2. Are sufficiently fluent in English and carrying official justifications.

Students' selection is made based on their cumulative performance during their undergraduate career

The offered program is for one year including summer for those having Business Analytics background and for 2 years otherwise.

The application file must include the following items:

A registered copy of the certificate of the Baccalaureate

A registered copy of the university degree(s)

A copy of the ID

A registered copy of the student grades over his/her undergraduate program

A CV in English

A request to join the master program

2 ID photos

Any supporting documents

Important Notes

No application file will be considered if incomplete, submitted after the deadline, or mailed through the post-office

The program capacity for this academic year is 25 students

Acceptance will be granted only after a thorough verification of the authenticity of the documents and the accuracy of the included information by the specialized Master committee

Final acceptance of candidate students will be posted on the TBS website

Accepted students must register within the deadline to be announced later

The academic year for the Master program starts on October 1st.
